PRECIOUS

Quando l'oro, l'argento e il rame sono protagonisti, lo stile non può che essere... Precious! Una finitura decorativa che esalta la ricercatezza dei metalli preziosi, in una moltitudine di varianti cromatiche attuali e raffinate. La versatilità di Precious permette di creare superfici con texture ed effetti ottici suggestivi, con alternanze tra superfici lucide e opache che magnificano la naturale brillantezza delle microparticelle metallizzate.

When gold, silver and copper take the lead roles, style can be nothing but.... Precious! A decorative finish that exalts the sought-after nature of the precious metals in a multitude of very current, refined colour variants.

The versatility of Precious enables the creation of surfaces with evocative optical effects and textures, alternating between glossy and matte surfaces that magnify the natural shine of the metallic micro particles.

Когда золото, серебро и бронза играют основную роль, тогда стиль интерьера может быть только ... Precious! Это декоративная отделка, сочетающая изысканность драгоценных металлов со множеством разнообразных хроматических решений, модных и утонченных. Универсальность Precious позволяет создавать как текстурные поверхности, так и интересные и оригинальные оптические эффекты, где глянцевые и матовые участки сменяют друг друга, еще больше подчеркивая естественную красоту микрочастиц металла.
